serendipity (sair-un-DIP-uh-tee) # noun.: the faculty or phenomenon of finding valuable or agreeable things not sought for; also an instance of this. It was back in 2005 when we were introduced to the wine industry in a Serendipitous way. Here we are, 16 years later making incredible wines from the grapes grown on our 15 acre estate amidst a breath-taking view of Mt. Diablo, Sauvignon Blanc, Chardonnay, Sangiovese, Vermentino, Cabernet Sauvignon and Tempranillo. We are elated with the anticipation of sharing our incredible wines in the beautiful and serene ambiance we've worked so hard to create.
